Economic Forecasts and Trends for 2019 and Beyond

HIA's Senior Economist, Geordan Murray will present the latest economic forecasts and trends to help you make better business decisions in 2019 and beyond.

As a well-respected member of the HIA Economics Team, Geordan has a broad background in finance and economics, having gained experience in the banking industry and as an investment analyst. Geordan has an honours qualification from Deakin University in Melbourne, where his research included analysis of the dynamics of Australian housing prices.

Geordan plays a key role in the development, analysis and modelling of housing policy options, manages HIA's residential building forecasting program, and is the author of a number of the group's publications. He regularly assists HIA members with their information requests and data requirements, and plays a key role in the delivery of dedicated research projects for clients of Australian Construction Insights (ACI) - the economic consultancy arm of HIA Economics.

Professional Certification Group's building certifier, Greg Smith will offer tips on how to avoid costly town planning applications on both sides of the border, as well as provide an update on key industry issues.

You'll also hear from PPlan Planning Consultants' Tracy Ryan, who will discuss issues relating to vegetation clearing, retaining walls and difficulties complying with Plans of Development. You'll walk away armed with a range tips and tricks to navigate the development approval maze.
